APPENDIX B DRUG AND ALCOHOL POLICY

Section B.1 Policy, Purpose and Goal

A. Statement

1. Both the Union and the Employer recognize that an employee's impairment due to illegal drug usage and/or alcohol usage as threats to the public safety and welfare and to the employees of the Fire Department. It is the policy of the Employer that, and the public has the reasonable right to expect, persons employed by the Employer to be free from the effects of drugs and alcohol. The Employer has the right to expect their employees to report to work fit and able for duty. The purpose of this policy is for the Employer to take the necessary steps, including drug and/or alcohol testing, to eliminate illegal drug/alcohol usage, and/or impairment or intoxication while on duty.
2. Nothing contained in this Policy shall be construed as prohibiting the Employer from taking disciplinary action, up to and including discharge, against an employee for their conduct, which occurred while they were on duty and under the influence of alcohol, illegal drugs or controlled substances, if absent the influence of drugs or alcohol, such conduct were a just cause basis for disciplinary action under normal circumstances.

B. Definitions: Impairment

"Impairment" due to drugs or alcohol shall mean a condition in which the employee is physically or mentally unable to properly perform his/her duties due to the effects of a drug or alcohol in his/her body. Where impairment exists (or is presumed), incapacity for duty shall be presumed.

C. Prohibitions

Employees shall be prohibited from:

1. Consuming or possessing alcohol or consuming, possessing, selling, purchasing or delivering illegal drugs at any time during the work day or anywhere including on an Employer premises or job sites, including all Employer buildings, properties, vehicles and the employees personal vehicle while engaged in the business of the Employer;
2. Being convicted for illegally consuming, using, possessing, selling, purchasing or delivering any illegal drug or controlled substance, at any time on or off duty;
3. Being impaired, as defined, during the course of the work day due to the use of alcohol or illegal drugs;
4. Failing to report to their supervisor any known adverse side effects

of medication or prescription drugs, which they are taking.

Section B.2 Informing Employees Regarding Drug Testing

All employees will be fully informed, in writing, of the Employer's drug testing policy before testing is administered. Employees will be provided with information concerning the impact of the use of drugs on the job performance. In addition, the employer will inform the employees of how the tests are conducted, how well the tests perform, when the test will be conducted, what the test can determine, and the consequences of testing positive for drug/alcohol use. All newly hired employees will be provided with this information on their initial date of hire. No employee shall be tested until this information is provided to him/her.

Section B.3 Drug and Alcohol Testing Permitted

A. When a Test May be Compelled;

Random testing of an employee may be administered under the following conditions:

1. Request for the random testing shall be made on the employee's regularly scheduled duty day.
2. Employees shall be divided into three pools. These pools shall consist of a number of employees approximate to 1/3 of the total work force of the City of Marion. From each pool a maximum of 6% of the employees shall be randomly selected quarterly.
3. There shall be no across-the-board or random drug testing of employees except as specifically provided for in this Article. Where there is reasonable suspicion to suspect that an employee is under the influence of drugs/alcohol and is impaired while on duty, that employee may be required to report for drug testing. When a Fire Department supervisor has reasonable suspicion to suspect that an employee is impaired, that supervisor shall consult the Fire Chief to confirm that suspicion. If the suspicion is confirmed, the Union shall be notified and the Fire Department shall arrange for the drug/alcohol test. Management shall inform the employee being ordered to submit to the test of his/her right to consult with a Union Officer or Representative, within two (2) hours before submitting to the test.

The foregoing shall not limit the right of the employer to conduct such test as it may deem appropriate for persons seeking employment as fire fighters prior to their date of hire.

B. Reasonable Suspicion Standard

Reasonable suspicion exists if specific objective facts and circumstances warrant rational inferences that a person is using and/or is physically or mentally impaired due to being under the influence of alcohol or controlled substances. Reasonable suspicion will be based upon the following:

1. Observable phenomena, such as direct observation of the use and/or the physical symptoms of impairment resulting from using or being under the influence of alcohol or controlled substances.
2. Information provided by an identifiable, reliable and credible source(s) of which is independently corroborated.

Section B.4 Order to Submit to Testing

At the time an employee is ordered to submit to testing authorized by this Agreement, the Employer shall provide the employee with a written notice of the order, setting forth all of the objective facts and reasonable inferences drawn from those facts which have formed the basis of the order to test. The employee shall be permitted a reasonable period of time not to exceed two (2) hours to consult with a representative of the Union at the time the order is given. No questioning of the employee shall be conducted that is not consistent with the "Fireman's Disciplinary Act." Refusal to submit to such testing may subject the employee to discipline, but the employee's taking of the test shall not be construed as a waiver of any objection or rights that he/she may have.

Section B.5 Conduct of Test

In conducting the testing authorized by this Agreement, the Employer shall:

- A. Use only a clinical laboratory or hospital facility that is licensed pursuant to the Illinois Clinical Laboratory Act and is accredited by the National Institute of Drug Abuse (NIDA);
- B. Insure that the laboratory or facility selected conforms to all NIDA standards by the presentation of current NIDA certifications;
- C. Use tamper proof containers, have a chain of custody procedure, maintain confidentiality, and preserve specimens for a minimum of twelve (12) months. The laboratory or facility must be willing to demonstrate their sample handling procedures to the Union upon a reasonable notice. The laboratory or facility shall participate in a program of "blind" proficiency testing where they analyze unknown samples sent by an independent party. The laboratory or facility shall make such results available to the Union upon request. All testing shall be by chemical analysis of a urine sample by gas chromatography/mass spectrometry (GC/MS). At the time a urine specimen is given, the employee shall be given a copy of the specimen collection procedures; the specimen must be immediately sealed, labeled

and initialed by the employee to ensure that the specimen tested by the laboratory is that of the employee;

- D. Collect a sufficient sample of the same bodily fluid or material from an employee to allow for initial screening, a confirmatory test and a sufficient amount to be set aside reserved for later testing if requested by the employee. Only qualified medical personnel, who are not employees of the Employer, shall draw Blood samples.
- E. Collect samples in such a manner as to preserve the individual employee's right to privacy, insure a high degree of security for the sample and its freedom from adulteration. Employees shall not be witnessed by anyone while submitting a sample, except in circumstances where there is reasonable suspicion that the employee has attempted to compromise the accuracy of the testing procedure. If the employee is unable to provide a sample, he/she will be kept under direct supervision until the sample is provided;
- F. Confirm any sample that test positive in the initial screening for drugs by testing the second portion of the sample by gas chromatography, plus mass spectrometry or an equivalent or better scientifically accurate and accepted method that provides quantitative data about the detected drug or drug metabolites.
- G. Provide the employee tested with an opportunity to have the additional sample tested by a clinical laboratory or hospital facility of the employee's own choosing, at the employee's own expense; provided that the laboratory or facility selected conforms to all NIDA standards by the presentation of NIDA certification and provided the employee notifies the Chief within seventy-two (72) hours of receiving the results of the tests;
- H. Require that the laboratory or hospital facility report to the Employer that a blood or urine sample is positive only if both the initial screening and confirmatory test are positive for a particular drug. The parties agree that should the Employer inconsistent with the understanding expressed herein obtains any information concerning such testing or the results thereof, the Employer will not use such information in any manner or forum adverse to the employee's interests;
- I. Require that with regard to alcohol testing, for the purpose of determining whether the employee is impaired due to the use of alcohol, the Alcohol Tests Standards contained in Section B.12 of this Article is used to determine a positive test. (Note: the foregoing standards shall not preclude the Employer from attempting to show that test results in the blood alcohol ranges listed under No Presumption of impairment in the table contained in

Section B.12 of this Article demonstrate that the person was impaired due to being under the influence of alcohol, but the Employer shall bear the burden of proof in such cases);

- J. Provide each employee tested with a copy of all information and reports received by the Employer in connection with the testing and the results; records concerning positive test results of an employee will be maintained confidential in the personnel file;
- K. Insure that no fire fighter is the subject of any adverse employment action except emergency temporary reassignment with pay or relieved from duty with pay during the pendency of any testing procedure. Any such emergency reassignment shall be immediately discontinued in the event of a negative test result, and all records of the testing procedure will be expunged from the employee's personnel files.

Section B.6 Drug Testing Standards

A. Screening Test Standards

The following initial immunoassay test cutoff levels shall be used when screening specimens to determine whether they are negative for the five (5) drugs or classes of drugs:

	Initial Test Level
Marijuana metabolites	100 ng/ml
Cocaine metabolites	300 ng/ml
Opiate metabolites	300 ng/ml
Phencyclidine	25 ng/ml
Amphetamines	1000 ng/ml

B. Confirmatory Test Standards

All specimens identified as positive on the initial screening test shall be confirmed using GC/MS techniques at the cutoff levels listed below. All confirmations shall be by quantitative analysis. Concentrations, which exceed the linear region of the standards curve, shall be documented.

	Confirmatory Test Level
Marijuana metabolites 1	15 ng/ml
Cocaine metabolites 2	150 ng/ml
Opiates:	300 ng/ml
Morphine	
Codeine	300 ng/ml
Phencyclidine	25 ng/ml

Amphetamines: Amphetamine Methamphetamine	500 ng/ml
	500 ng/ml
1 Delta-9-tetrahydrocannabinol-9-carboxylic acid	
2 Benzoylcegonine	

Section B.7 Right to Contest

The Union and/or the employee, with or without the Union, shall have the right to file a grievance concerning any testing permitted by this Agreement. Such grievances shall be commenced at Step 2 of the grievance procedure.

If the test is confirmed positive, the employee will be notified and will be given the opportunity to present evidence and/or information that the positive test resulted from prescribed or over-the-counter drugs, or that special circumstances may have affected the test results. The employee may be requested to sign a release of information in the event that a physician need be contacted for clarification or verification. In the event the evidence shows that the positive test results arose solely from these circumstances, no disciplinary action will be taken against the employee.

Section B.8 Voluntary Requests for Assistance

The Employer shall take no adverse employment action against an employee who voluntarily seeks treatment, counseling or other support for an alcohol or drug related problem, other than the employer may require re-assignment of the employee with pay or relieve the employee from duty with pay if he is then unfit for duty in his current assignment. The Employer shall make available through an Employee Assistance Program (EAP) a means by which the employee may obtain referrals and treatment. All such requests shall be confidential and any information received by the Employer, through whatever means, shall not be used in any manner adverse to the employee's interest, except re-assignment as described above. No employee shall be relieved or transferred to other than his usual duties on the basis of voluntary request for assistance although the employee may be reevaluated for his duty assignment. When undergoing treatment and evaluation employees shall receive their usual compensation and fringe benefits. In the event that an employee is undergoing treatment, which requires the employee to be absent from regular duty assignments, the employee shall utilize his accumulated paid leave benefits or use unpaid leave.

Employees who are taking prescribed or over-the-counter medication that has an adverse side effect, which interferes with the employee's ability to perform his/her normal duties, may be temporarily reassigned with full pay to other more suitable duties or be required to use accumulated sick leave.

Section B.9 Discipline

The Employer understands that alcohol and drug addiction is considered a disease by the American Medical Association. The Employer will consider this point, as well as the employee's willingness to seek and accept help for the addiction, in evaluation of disciplinary actions.

All discipline in situations involving a positive drug/alcohol test shall be administered as specified below:

A. First Positive

In the first instance that an employee tests positive on the confirmatory test for drugs or is found to be impaired due to the use of alcohol, the employee shall not be subject to discipline, provided that the employee agrees to:

1. Undergo appropriate treatment as determined by the physician(s) and appropriately certified medical and/or psychological professional(s) involved;
2. Discontinue use of illegal drugs or abuse of alcohol;
3. Complete the course of treatment prescribed, including an "after-care" group for a period up to twelve (12) months;
4. Submit to random testing during working hours the period of "after-care" treatment.

Employees who do not agree to the foregoing, shall be subject to discipline, up to and including discharge. The Employer may use the positive test as evidence of impairment. Such evidence shall not be deemed to be conclusive, nor shall it preclude the introduction of other evidence on the issue of impairment. Except; however, a positive test for alcohol as to whether the employee is impaired shall be as provided in Section 12 of this Article.

B. Second Positive

Employees who are impaired due to drugs or alcohol during their working hours on two (2) occasions shall be discharged, and the penalty shall not be subject to the grievance procedure and neither an arbitrator nor the Board of Fire and Police Commissioners shall have the authority to review or modify the penalty. An employee who tests positive for the presence of drugs or alcohol during their hours of work on two (2) occasions but, nevertheless, are not impaired may be suspended for no more than eight (8) duty days, but only if the employee agrees to continue treatment and to the other conditions of such suspension as specified above.

C. Third Positive

Employees who test positive for the presence of drugs or alcohol a third time but who are not impaired shall be discharged and the penalty shall not be subject to the grievance procedure and neither an arbitrator nor the Board of Fire and Police Commissioners shall have the authority to review or modify the penalty.

The foregoing shall not be construed as an obligation on the part of the Employer to retain an employee on active status throughout the period of rehabilitation if it is appropriately determined (i.e. determination by an independent physician and/or appropriately certified medical and/or psychological professional) that the employee's current use of alcohol or drugs prevents such individual from performing his duties or whose continuance on active status would constitute a direct threat to the property and safety of others. Such employees shall be afforded the opportunity to use accumulated paid leave or take an unpaid leave of absence pending treatment.

Section B.10 Cost and Expenses

The employee shall be compensated for all time lost from work as a result of the order to take the test; in addition, the employee shall be compensated at the employee's straight time hourly rate for all hours in excess of their scheduled work day that the employee is involved in activities as a result of the order to take the test.

The Employer shall provide health insurance coverage that includes an EAP program and/or subsequent treatment subject to any deductibles and coinsurance payment. The insurance should provide for both outpatient and in-patient treatment depending on the appropriate course in each employee's case. The in-patient treatment covered shall be of at least thirty (30) days duration.

If the nature of the EAP or treatment program (e.g. out-patient treatment) allows the employee to continue to work during the treatment, the Employer shall maintain the individual's previous employment status. If an employee participates in an in-patient program, which precludes continued employment, the employee shall be granted a leave to do so. At the end of the leave, the employee shall be returned to his former position with no loss of seniority and accumulated benefits. An employee may use accumulated sick or disability benefits during the period of his treatment leave.

Nothing in this Section shall prevent an employee from seeking treatment or taking a treatment leave more than one time in a calendar year.

Section B.11 Savings Clause

The parties agree that this policy and an Employee Assistance Program (EAP) shall not diminish the rights of individual employees under state and federal laws relating to drug testing, nor to an employee's right to utilize the grievance and arbitration

procedures of the collective bargaining agreement, except otherwise herein specifically provided.

Section B.12 Alcohol Test Standards

The following table shall be used to determine what concentrations of blood alcohol constitute a test result, in that an employee will be presumed to have been impaired.

Elapsed Time Since Employee Has Begun Workday to Time the Employee Gives the Blood	Considered Unimpaired	No Presumption*	Presumed to Have Been Impaired
0 Hour - 1 Hours	.04 or less	.04 but <.08	.08 or more
1 Hour - 2 Hours	.03 or less	.03 but <.07	.07 or more
2 Hours - 3 Hours	.02 or less	.02 but <.06	.06 or more
3 Hours - 4 Hours	.01 or less	.01 but <.05	.05 or more
4 Hours - 5 Hours	.00 or less	.00 but <.04	.04 or more
5 Hours - 6 Hours	.00 or less	.00 but <.03	.03 or more
6 Hours - 7 Hours	.00 or less	.00 but <.02	.02 or more
7 Hours - 8 Hours	.00 or less	.00 but <.01	.01 or more
8 Hours - 9 Hours	.00 or less		

Percent by weight of alcohol in the blood shall be based upon grams of alcohol per 100 cubic centimeters of blood.

*The foregoing table of standards shall not preclude the Employer from attempting to show that test results in the blood alcohol ranges listed under No Presumption of impairment demonstrate that the person was impaired due to being under the influence of alcohol, but the Employer shall bear the burden of proof in such cases.

Appendix C:

Illinois General Assembly - Full Text of Public Act 093-0411

Public Act 93-0411

HB0988 Enrolled

LR2093 05742 ROE 05835-b

AN ACT in relation to public bodies.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the
Fire Department Promotion Act.

Section 5. Definitions. In this Act:

"Affected department" or "department" means a full—time municipal fire department that is subject to a collective bargaining agreement or the fire department operated by a full—time fire protection district. The terms do not include fire departments operated by the State, a university, or a municipality with a population over 1,000,000 or any unit of local government other than a municipality or fire protection district. The terms also do not include a combined department that was providing both police and firefighting services on January 1, 2002.

"Appointing authority" means the Board of Fire and Police Commissioners, Board of Fire Commissioners, Civil Service Commissioners, Superintendent or Department Head, Fire Protection District Board of Trustees, or other entity having the authority to administer and grant promotions in an affected department.

"Promotion" means any appointment or advancement to a rank within the affected department (1) for which an examination was required before January 1, 2002; (2) that is included within a bargaining unit; or (3) that is the next rank immediately above the highest rank included within a bargaining unit, provided such rank is not the only rank between the Fire Chief and the highest rank included within the bargaining unit. Or is a rank otherwise excepted under item (i), (ii), (iii), (iv), or (v) of this definition. "Promotion" does not include appointments (i) that are for fewer than 180 days; (ii) to the positions of Superintendent, Chief, or other chief executive officer; (iii) to an exclusively administrative or executive rank for which an examination is not required; (iv) to a rank that was exempted by a home rule municipality prior to January 1, 2002, provided that after the effective date of this Act no home rule municipality may exempt any future or existing ranks from the provisions of this Act; or (v) to an administrative rank immediately below the Superintendent, Chief, or other chief executive officer of an affected department, provided such rank shall not be held by more than 2 persons and there is a promoted rank immediately below it. Notwithstanding the exceptions to the definition of "promotion" set forth in items (i), (ii), (iii), (iv), and (v) of this definition, promotions shall include any appointments to ranks covered by the terms of a collective bargaining agreement in effect on the effective date of this Act.

"Preliminary promotion list" means the rank order of eligible candidates established in accordance with subsection (b) of Section 20 prior to applicable veteran's preference points. A person on the preliminary promotion list who is eligible for veteran's preference under the laws and agreements applicable to the appointing authority may file a written application for that preference within 10 days after the initial posting of the preliminary promotion list. The preference shall be calculated in accordance with Section 55 and applied as an addition to the person's total point score on the examination. The appointing authority shall make adjustments to the preliminary promotion list based on any veteran's preference claimed and the final adjusted promotion list shall then be posted by the appointing authority.

"Rank" means any position within the chain of command of a fire department to which employees are regularly assigned to perform duties related to providing fire suppression, fire prevention, or emergency services.

"Final adjusted promotion list" means the promotion list for the position that is in effect on the date the position is created or the vacancy occurs. If there is no final adjusted promotion list in effect for that position on that date, or if all persons on the current final adjusted promotion list for that position refuse the promotion, the affected department shall not make a permanent promotion until a new final adjusted promotion list has been prepared in accordance with this Act, but may make a temporary appointment to fill the vacancy. Temporary appointments shall not exceed 180 days.

Each component of the promotional test shall be scored on a scale of 100 points. The component scores shall then be reduced by the weighting factor assigned to the component on the test and the scores of all components shall be added to produce a total score based on a scale of 100 points.

Section 10. Applicability.

(a) This Act shall apply to all positions in an affected department, except those specifically excluded in items (i), (ii), (iii), (iv), and (v) of the definition of "promotion" in Section 5 unless such positions are covered by a collective bargaining agreement in force on the effective date of this Act. Existing promotion lists shall continue to be valid until their expiration dates, or up to a maximum of 3 years after the effective date of this Act.

(b) Notwithstanding any statute, ordinance, rule, or other laws to the contrary, all promotions in an affected department to which this Act applies shall be administered in the manner provided for in this Act. Provisions of the Illinois Municipal Code, the Fire Protection District Act, municipal ordinances, or rules adopted pursuant to such authority and other laws relating to promotions in affected departments shall continue to apply to the extent they are compatible with this Act, but in the event of conflict between this Act and any other law, this Act shall control.

(c) A home rule or non—home rule municipality may not administer its fire

department promotion process in a manner that is inconsistent with this Act This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.

(d) This Act is intended to serve as a minimum standard and shall be construed to authorize and not to limit:

(1) An appointing authority from establishing different or supplemental promotional criteria or components, provided that the criteria are job—related and applied uniformly.

(2) The negotiation by an employer and an exclusive bargaining representative of clauses within a collective bargaining agreement relating to conditions, criteria, or procedures for the promotion of employees who are members of bargaining units.

(3) The negotiation by an employer and an exclusive bargaining representative of provisions within a collective bargaining agreement to achieve affirmative action objectives, provided that such clauses are consistent with applicable law.

(e) Local authorities and exclusive bargaining agents affected by this Act may agree to waive one or more of its provisions and bargain on the contents of those provisions, provided that any such waivers shall be considered permissive subjects of bargaining.

Section 15. Promotion process.

(a) For the purpose of granting promotion to any rank to which this Act applies, the appointing authority shall from time to time, as necessary, administer a promotion process in accordance with this Act.

(b) Eligibility requirements to participate in the promotional process may include a minimum requirement as to the length of employment, education, training, and certification in subjects and skills related to fire fighting. After the effective date of this Act, any such eligibility requirements shall be published at least one year prior to the date of the beginning of the promotional process and all members of the affected department shall be given an equal opportunity to meet those eligibility requirements.

(c) All aspects of the promotion process shall be equally accessible to all eligible employees of the department. Every component of the testing and evaluation procedures shall be published to all eligible candidates when the announcement of promotional testing is made. The scores for each component of the testing and evaluation procedures shall be disclosed to each candidate as soon as practicable after the component is completed.

(d) The appointing authority shall provide a separate promotional examination for each rank that is filled by promotion. All examinations for promotion shall be competitive among the members of the next lower rank who meet the established

eligibility requirements and desire to submit themselves to examination. The appointing authority may employ consultants to design and administer promotion examinations or may adopt any job—related examinations or study materials that may become available, so long as they comply with the requirements of this Act.

Section 20. Promotion lists.

(a) For the purpose of granting a promotion to any rank to which this Act applies, the appointing authority shall from time to time, as necessary, prepare a preliminary promotion list in accordance with this Act. The preliminary promotion list shall be distributed, posted, or otherwise made conveniently available by the appointing authority to all members of the department.

(b) A person's position on the preliminary promotion list shall be determined by a combination of factors which may include any of the following: (i) the person's score on the written examination for that rank, determined in accordance with Section 35; (ii) the person's seniority within the department, determined in accordance with Section 40; (iii) the person's ascertained merit, determined in accordance with Section 45; and (iv) the person's score on the subjective evaluation, determined in accordance with Section 50. Candidates shall be ranked on the list in rank order based on the highest to the lowest total points scored on all of the components of the test. Promotional components, as defined herein, shall be determined and administered in accordance with the referenced Section, unless otherwise modified or agreed to as provided by paragraph (1) or (2) of subsection (e) of Section 10. The use of physical criteria, including but not limited to fitness testing, agility testing, and medical evaluations, is specifically barred from the promotion process.

(c) A person on the preliminary promotion list who is eligible for a veteran's preference under the laws and agreements applicable to the department may file a written application for that preference within 10 days after the initial posting of the preliminary promotion list. The preference shall be calculated as provided under Section 55 and added to the total score achieved by the candidate on the test. The appointing authority shall then make adjustments to the rank order of the preliminary promotion list based on any veteran's preferences awarded. The final adjusted promotion list shall then be distributed, posted, or otherwise made conveniently available by the appointing authority to all members of the department.

(d) Whenever a promotional rank is created or becomes vacant due to resignation, discharge, promotion, death, or the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final promotion list for that rank, except that the appointing authority shall have the right to pass over that person and appoint the next highest ranked person on the list if the appointing authority has reason to conclude that the highest ranking person has demonstrated substantial shortcomings in work performance or has engaged in misconduct affecting the person's ability to perform the duties of the promoted rank since the posting of the promotion list. If the highest ranking person is

passed over, the appointing authority shall document its reasons for its decision to select the next highest ranking person on the list. Unless the reasons for passing over the highest ranking person are not remedial, no person who is the highest ranking person on the list at the time of the vacancy shall be passed over more than once. Any dispute as to the selection of the first or second highest-ranking person shall be subject to resolution in accordance with any grievance procedure in effect covering the employee.

A vacancy shall be deemed to occur in a position on the date upon which the position is vacated, and on that same date, a vacancy shall occur in all ranks inferior to that rank, provided that the position or positions continue to be funded and authorized by the corporate authorities. If a vacated position is not filled due to a lack of funding or authorization and is subsequently reinstated, the final promotion list shall be continued in effect until all positions vacated have been filled or for a period up to 5 years beginning from the date on which the position was vacated. In such event, the candidate or candidates who would have otherwise been promoted when the vacancy originally occurred shall be promoted.

Any candidate may refuse a promotion once without losing his or her position on the final adjusted promotion list. Any candidate who refuses promotion a second time shall be removed from the final adjusted promotion list, provided that such action shall not prejudice a person's opportunities to participate in future promotion examinations.

(e) A final adjusted promotion list shall remain valid and unaltered for a period of not less than 2 nor more than 3 years after the date of the initial posting. Integrated lists are prohibited and when a list expires it shall be void, except as provided in subsection (d) of this Section. If a promotion list is not in effect, a successor list shall be prepared and distributed within 180 days after a vacancy, as defined in subsection (d) of this Section.

(f) This Section 20 does not apply to the initial hiring list.

Section 25. Monitoring.

(b) Two impartial persons who are not members of the affected department shall be selected to act as observers by the exclusive bargaining agent. The appointing authorities may also select 2 additional impartial observers.

(c) The observers monitoring the promotion process are authorized to be present and observe when any component of the test is administered or scored. If the appointing authority establishes a minimum passing score, such score shall be announced prior to the date of the promotion process and it must be an aggregate of all components of the testing process. All candidates shall be allowed to participate in all components of the testing process irrespective of their score on any one component. The provisions of this Section do not apply to the extent that they are inconsistent with provisions otherwise agreed to in a collective bargaining agreement.

Every examinee shall have the right (i) to obtain his or her score on the examination on the day of the examination or upon the day of its return from the testing agency (or the appointing authority shall require the testing agency to mail the individual scores to any address submitted by the candidates on the day of the examination) and (ii) to review the answers to the examination that the examiners consider correct. The appointing authority

may hold a review session after the examination for the purpose of gathering feedback on the examination from the candidates.

(c) Sample written examinations may be examined by the appointing authority and members of the department, but no person in the department or the appointing authority (including the Chief, Civil Service Commissioners, Board of Fire and Police Commissioners, Board of Fire Commissioners, or Fire Protection District Board of Trustees and other appointed or elected officials) may see or examine the specific questions on the actual written examination before the examination is administered. If a sample examination is used, actual test questions shall not be included.
